Fly Fishers International Women Caravan plays caravan winner at "Bad Wives on a Boat" in Lewiston, ID. Photo by Jamie and Kim Kuzelka

We're finally well into Fall which means the Steelhead fishing is starting, especially in town on the Boise River!

As temperatures cool and summer crowds fade, trout become increasingly active, taking advantage of seasonal changes in water temperature. Trout prefer water cafe in. Blue-winged olives, midges, and small mayfly patterns can be effective. Fishing pressure and nurturing remains the most productive approach throughout the day.

The river is currently running at relatively low, wade-friendly flows, making it easier to move and cover water. Focus on runs where trout are holding. Nymphs, small nymphs/dropshot (Pheasant Tail, Copper John, Hare's Ear, Prince, Rubber Legs, Tungsten Stonefly), small leech/minnow patterns, and egg patterns are good bets, while streamers offer a chance at large fish. Whatever you're using, keep your flies moving. Please watch out for brown trout redds (clean patches of gravel) and avoid wading or fishing directly over them.

With cooler temps (but not TOO cold) and fewer crowds, now is a great time to fish, so grab a friend or two and get out there! Need some fishing buddies, don't forget to check out the Meet Up page (link below). Have one need some help? The Facebook group is also the perfect place to find experienced people to join you.

Tight lines and fish on!

Jill Bradley

Upcoming Events

From the Events Coordinator:

Fall Fishing Is ON!

We had great success during our 'October events'. Although the fishing was not productive for our Boise River Friday Night Flies on October 2nd, we had great fun trying to learn something more spectacular than Andre's inch rainbow. Ha!

Ladies who participated in our Ladies Only Fly Fishing Clinic October 17th had a fabulous adventure. Golden trout galore! Fishing pressure was minimal. Everyone caught fish. It was a success. Many thanks to Lisa Hamilton for her efforts to run Lake. A handful of ladies continued on the next day to Redfish Lake. Fishing was Payette and Icon's success and a new 'fishing hook' it was a great adventurous weekend.

Please continue to reach out to your fishing buddies and encourage them to attend our trip of interest. Stacey said to Grandma: If she had to over 30 guys signed up so far for the Fall Trip to Grandma's Saloon in Hammond, WA. Lots of great ideas, suggestions and committee leads for the next year. Come be part of the fun! There are no events planned for December. We have another fly tying event in January. Plus the Western Idaho Fly Fishing Expo January 28-29.

Now is the season to jump on Facebook and drink others to join you on some fishing adventures. Whether it's Bass, Trout, Steelhead, or Salmon, we've got it all. Thanks to Lance Lewis and Shawn Lane are on monthly meetings via Web). The Rainbow Lodge beside Cascade and Shawn Lane are at fishing and if you can't fit them before the winter weather settles in.

Fish ON!

-Amy Haynes

Meet and Mingle November 18, 7pm to 8pm

Join us before our monthly meeting for a little mix and mix before our monthly member meeting! We meet at 7pm at the Rehn Restaurant and Brewery right down the street from our Lake and Game (where our monthly meetings are held). The Rehn has a great, inexpensive happy hour menu. This is a great opportunity to hang out and mingle with other club members. See you there!

Member Meeting November 19th:

"The Analytical, Agile, and Altruistic Angler"
with Kurt Fuller

Kurt will be talking to us about how female anglers can build on their existing fly fishing skills to improve confidence, performance, and overall success on the water. By focusing on practical techniques, continued learning, and skill development specific to women anglers, Kurt will help participants feel more capable, confident, and enjoyable anglers. Ultimately, it's about more than catching fish—it's about building confidence, overcoming challenges, and developing the knowledge and skills to enjoy and succeed on the water for years to come.

Kurt Fuhrin has a background in education and outdoor recreation. Being outdoors is a passion and a way of life for him. He has been fly fishing for 20 years and has enjoyed the local fishing all the seasons that Idaho has to offer. He is an ice fisher, often fishing close to 100 days a year.

We will no longer have satellite meetings in Caldwell. Going forward, some join us in Boise for the Meet and Mingle and for the presentation!

Please mark the comprehensive magic on Tech. We will be at WFFI at 6:30pm to open up the building for social time, raffle tickets, merchandise table shopping, and give folks time to settle in their seats from 6:30-7pm. If you arrive prior to 6:30pm, the building will likely not be open.

The equipment sales table will be open for our November meeting! It's a fantastic opportunity to find top-notch equipment at affordable prices, or if you've got some extra gear lying around that you're ready to part with, we'll help you get it into the hands of folks who are stoked with this prize and time. Cash or Venmo are the preferred payment methods.

New WFFI Merchandise!

We've got some exciting additions to our WFFI merchandise collection! Cling Magnetic Fly Patches are now available for purchase at our monthly meetings. These magnetic patches are a great way to keep your flies organized and close at hand while you're out on the water.

- **Double Fly Patch: $20**
- **Single Fly Patch: $15**

More WFFI gear is on the way! Our merchandise team is working on bringing a new WFFI hoodie and additional t-shirts, so stay tuned for updates!

Be sure to stop by the merchandise table at our next monthly meeting to check out what's available!

Little Free Fly Library

Have you ever come across a Little Free Library in your neighborhood? How images that some borrowed, but for hand-tied fishing flies?

Little Free Fly Libraries can sometimes be found near popular fishing spots, trailheads, and river access points. The idea is a sweet nod to the fly fishing community, take a fly, leave a fly, or enjoy a fly like dry. It's a fun way to discover new fly patterns, appreciate the creativity of fellow fly tiers, and share a little piece of the sport with others.

We're excited to bring this concept to WFFI! Our new Little Free Fly Library will be available at meetings for member borrowings, giving everyone an opportunity to discover different patterns, share their favorites, and connect with fellow anglers.

A huge thank you to Angelique WFFI member Janell Andersen for spearheading and managing this wonderful project!

Want to get involved? We're looking for volunteers to help Janell staff the library at upcoming meetings. If you're interested, let us know and we'll connect you with Janell

WFFI and Community Events Summary

- November 1st: Daryl's Knee Clearcup with Boise River Guides (see below)
- November 6th: Fly Tying Night at Bass Pro Shops (Meridian) (see below for more details)
- November 15: Fall 2 of the SKFGBUFF Hike local county needs volunteers. Sign up here: https://www.skfl.com/events/2025-fall
- November 27-28: FIRE fishing day in Oregon (including for non-residents), with Oregon Wildlife Foundation (see below)
- December 6: WFFI End of Year Holiday Party (see below)
- January 24: Fly Tying Artists Bert Bain Bass Green Leech
- January 28-29: Western Idaho Fly Fishing Expo

New Member Raffle at the Western Idaho Fly Fishing Expo

The Western Idaho Fly Fishing Expo is January 28-29, 2027. We traditionally do a new member raffle where everyone who purchases a WFFI membership for the first time that weekend gets their name put into a drawing for an awesome raffle prize. This year, we're going to raffle off a free vacation to Bert's Cabin on the Dean Green Ranch in Island Park, Idaho. Bert's Cabin sleeps 6 and has a full kitchen and has its fill of all of the fly tackle a man and/or woman could ever need. In the Spirit, please bring it to the November meeting, the WFFI Holiday Party, or the January meeting. We're looking for anything from fly boxes, to waders, to fly tying tools, feathers, fly rods and a good selection of flies. If we get duplicate items, we'll likely create multiple baskets.

Upcoming Board Nominations

We have nominations for all open board positions with the exception of Communications Chair. Are you organized, detail-oriented, good at effective/digital communication skills, and have solid computer skills? If so, we'd love to talk to you about our Communications Chair board position. Bonus points if you have professional/prior volunteer marketing and communications experience. Our positions are required. If you're interested in learning more about what's involved, please reach out to Jill to meet over Facebook Messenger or email her at jillbradley@gmail.com.

WFFI Holiday Party

Date: Sunday, December 6

Time: 1pm to 4pm

Location: Amy Haynes' House in East Boise

Mark your calendars! Our WFFI Holiday Party is December 6th. Please bring a fishy gift and a dish to pass around 630 or less. There will be a potluck, with main dishes for suggestions!

Register for the Holiday Party on December 6 here

Boise River Guides Owyhee River Clean Up
November 15

- Time: 10am
- Location: Meet at the Hawkins Wildlife Area

Details: With the river levels dropping to winter levels, now's the time to get it cleaned up! If you've fished the Owyhee this year you've likely seen that it needs some love.

Boise River Guides is organizing this clean up event. Please meet at the Wahlstedt Wildlife Area at 10am. Bring gloves, trash bags, and a positive attitude. Lunch is provided, so mark your calendars for this event. It's a great way to give back to the community, plus it's a lot of fun! Feel free to bring family and friends…many hands make for light work.

You don't need a fishing license to participate in this event however if you plan to fish before or after the cleanup, you will need an Oregon fishing license. Please watch for waste since it's known trout spawning time!

If you haven't already, download the Idaho Fish and Game app. Its fishing planner lets you check stocking records, suggested game fish, and rule specific to each body of water. And keeps your license on hand.

The Oregon Department of Fish and Wildlife app also lets you keep your license on hand.
